- 📊 Level: Beginner

Overview

Course Description

Embark on a transformative journey into AI with Mike Wheeler, your guide in this UdeMy Best Seller course on ChatGPT and Prompt Engineering. As an experience instructor who has taught well over 300,000 students, Mike unveils the secrets of developing your own custom GPTs, ensuring your skills shine in the thriving digital marketplace.

This course will get your familiar with Generative AI and the effective use of ChatGPT and is perfect for the beginner. You will also learn advanced prompting techniques to take your Prompt Engineering skills to the next level!

What you'll learn

- Become a UX designer
- You will be able to add UX designer to your CV
- Become a UI designer
- Build & test a full website design.
- Build & test a full mobile app.
